

Human Body Detective Theme Song

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

Our body's working 24-7.
Looks like it needs our help.
Leukocytes to the rescue
and us going in pursuit.

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

Sticky, goopy mucus, too.
Yellow, green, and smelly. Eww.
Riding on a soft, red donut,
We must be floating on blood! WOW!

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

Watch out for those grape-like things.
Where could we be now?
Look at those bubbles, hope they don't pop!
That's just flatulence.

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

Duck! That was the uvula.
We must be in the mouth,
Directing food down the tube.
Where will we go now?

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

And introducing our detective names:
Pearl's our girl! And Merrin is so carin'.
Come along and learn something!
'Cuz we're educational, inspirational, motivational, too.
WHOO!

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

Ooooooh! Human Body Detectives!
Ooooooh! Let the journey begin!

YAH!
