

FUNDRAISER

ARE YOU LOOKING FOR A MODERN AND EDUCATIONAL FUNDRAISER?

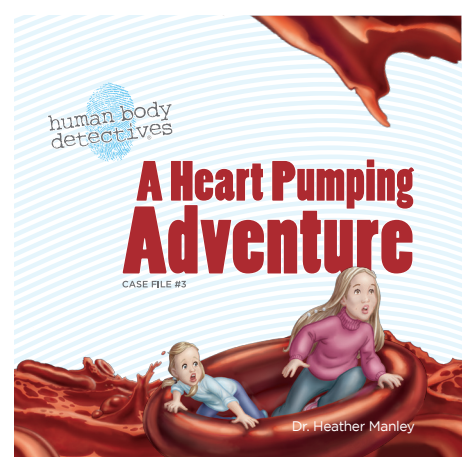

Human Body Detectives Kids' book series provides an engaging and adventurous approach to Elementary School Fundraising. Pass on the typical cookies and candy and give your children entertaining and engaging stories while giving back to your organization.

A journey through the digestive system

A journey through the immune system

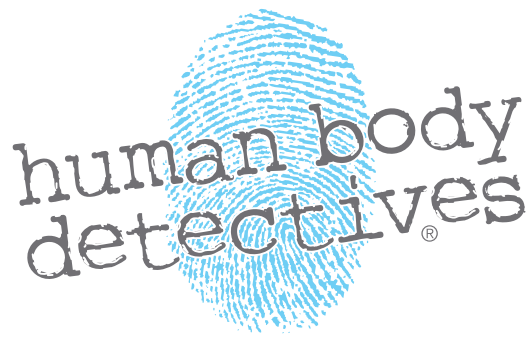

A journey through the circulatory system

Human Body Detectives (HBD) is a series of educational adventure stories where two young "Human Body Detectives," Merrin and Pearl, magically enter different systems in the body to solve a health mystery. Through action packed fiction stories, readers learn how the various systems work and what foods best fuel each system.

Kids LOVE the stories, Parents LOVE the message.

FUNDRAISER

SETTING UP YOUR HUMAN BODY DETECTIVES FUNDRAISER

Selling HBD is fun, simple and healthy! It is best to give the fundraiser a good 2 to 3 weeks. You may promote your HBD fundraiser through newsletters, email blasts, and of course in person. And with each Human Body Detectives series sold, we will donate \$12.00 back to your school or organization of choice.

HBD FUNDRAISING

A minimum order of 10 sets of Human Body Detective series is required to qualify for this program. We are flexible, so please let us know if you require alternative arrangements.

GETTING THE WORD OUT

Please use the HBD Fundraising page (provided by us) to help spread the word via email, facebook, twitter or in person. If there is anything we can do to help, please let us know!

PRICING

Pricing is listed on the order form provided.

ORDERING

At the end of your selling period, tally the orders and complete one order form and email to drheather@drheathernd.com or fax to 808.885.2050.
